

Northwest Ministry Network

38 Day Prayer Guide

Volume I

Dear Friends of Missions,

Thank you for your interest in praying for young adult - college students. Covid-19 has caused a lot of disruption in the world. One of the places it is being felt the strongest is among young adults. The dream of a four-year college education, along with an on-campus experience has changed. This past Fall most schools eliminated in class instruction. Students studied from home. The future for these young adults is uncertain. It is basically impossible to make plans. For a generation that thrives on in-person contact and fellowship; social distancing and mask wearing has really put a cramp into their social lives.

The Spring 2021 Semester has been slightly better, but still way different than normal. We are hoping that as students and young adults in general, feel the cramp of Covid-19, that they will reach out to God. We know that the Holy Spirit was sent into the world to convict us of "sin, righteousness and judgment." Let's pray that college students will respond to the tugging of the Holy Spirit.

This document is a 38-day prayer guide. The first of two such guides for the Northwest Ministry Network. The idea and concept of this prayer guide is to provide you with one school per day, for which you can pray. There are statistics and information provided on each school to help guide you in prayer. We have provided a list of the known Christian groups for each campus. When available we have tried to provide names of individuals who are either advisors for these groups or student leaders.

You will notice that there are suggested prayer requests for each day. We are not expecting each person to pray each request for every school. Allow the Holy Spirit to guide you as you pray. There is one exception to this general rule, that is, we would like to ask you to pray that God would raise up laborers for each school. This is something that Jesus asked us to pray, Luke 10.2. We want to honor that prayer request. Let me mention one other

point as touching prayer. The second item on the prayer list is a concern for the student's stress levels. Many young adults are feeling considerable amounts of stress. Click [here](#) for an article to help understand what they are facing.

Young adults are facing the same struggles as many other Americans; work, finances, future plans, lockdown, etc. Beyond that pray for this generation as they feel lonely, isolated and anxious. If you know a young adult please make sure you go out of your way to make them feel loved. Let them know that you care for their wellbeing. Have an open ear to listen to their complaints and insecurities. We all need to feel accepted, liked, and not isolated.

This prayer guide was compiled with data from the list found at The National Center for Education Statistics (NCES) ([Idaho](#)) and ([Washington](#)), as well as each school's own website. We started with the schools in Northern Idaho. Next, we listed the schools with a Chi Alpha presence, according to the Chi Alpha [website](#). After that we just went alphabetically through the list as presented by NCES.

Thank You again for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder.

Be Blessed,
Joe and Heidi Barrale

Covid-19 Update:

“Spring Quarter 2021 at Western starts on Tuesday, March 30, and because of the ongoing pandemic and short interval between winter and spring quarters, WWU is advising faculty that they have the following options for the start of online and face-to-face instruction:

For all classes:

- Start class March 30 – April 2, but hold no class meetings until the week of April 5 - 9 (instead giving students prep-type assignments for the first week), or
- Start class beginning on March 30, as normal.

For classes with in-person instruction (face-to-face on campus), start the class as per above, and:

- Delay in-person instruction until the week of April 5, or
- Delay in-person instruction until the week of April 12.”

“*Spring Quarter – As announced several months ago, we will continue largely in remote status. The Flu Team is also working with ITS to look at the possibility of safely opening a computer lab so students will have a place to study.

*Commencement – BC’s main commencement ceremony will occur remotely this year in a fashion similar to 2020.

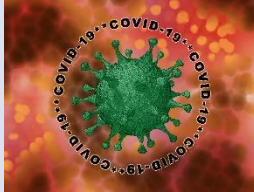

*Summer Quarter – The campus will continue to operate largely in remote status during the Summer Quarter. This is not much of a departure from the norm for our students as a large percentage of instruction has occurred remotely over the past several summers. We are looking at a few more classes to be on campus and to open some additional buildings to prepare for Fall.”

Covid-19 Update:

“Masking up is not a substitute for social distancing. In areas, such as the library and café, no more than two individuals may occupy a large table at one time. Additionally, consuming food and drinks requires the removal of a mask. Therefore, food must be consumed in the Café to ensure facilities staff can properly disinfect areas after each use. Food may also be consumed in a personal vehicle or closed office space.”

Prayer Requests:

- 1) Jesus said in Luke 10.2 “The harvest is plentiful, but the laborers are few; therefore beseech the Lord of the harvest to send out laborers into His harvest.”
- 2) Students are under a lot of stress.
 - a) They have little hope for the future
 - b) Paying for college is very expensive
 - c) Balancing school work, family dynamics, cultural expectations, the political climate, and racial tensions, just to name a few.
- 3) Pray for unity within the Christian community on campuses across the country.
- 4) Ask God to send a student awakening to our University campuses.
- 5) Pray that the Holy Spirit will bring conviction of “sin, righteousness and judgment” (Jn 16.8).
- 6) Pray for the school administrators, staff and faculty.
- 7) Pray for local churches to be involved in the lives of students, especially the community campuses and schools in small towns.
