

Southern New England Ministry Network

31 Day Prayer Guide

Volume I

Dear Friends of Missions,

Thank you for your interest in praying for college students, staff and faculty in Southern New England. The Corona Virus has affected this demographic in unique ways. The dream of a four-year college education, along with an on-campus experience has changed. This past Fall most schools eliminated in class instruction. Students studied from home. The future for these young adults is uncertain. It is basically impossible to make plans. For a generation that thrives on in-person contact and fellowship; social distancing and mask wearing has really put a cramp into their social lives.

The Spring 2021 Semester has been slightly better, but still way different than normal. We are hoping that as students and young adults in general, feel the cramp of Covid-19, that they will reach out to God. We know that the Holy Spirit was sent into the world to convict us of “sin, righteousness and judgment.” Let’s pray that college students will respond to the tugging of the Holy Spirit.

This document, that is before you, is a 31 day prayer guide. The idea and concept of this prayer guide is to provide you with one school per day, for which you can pray. There are statistics and information provided on each school to help guide you in prayer. We have provided a list of the known Christian groups for each campus. When available we have tried to provide names of individuals who are either advisors for these groups or the initial contact person for the group.

You will notice that there are suggested prayer requests for each school. We are not expecting each person to pray each request for every school. Allow the Holy Spirit to guide you as you pray. There is one exception to this general rule, that is, we would like to ask you to pray that God would raise up laborers for each school. This is something that Jesus asked us to pray in Luke 10.2. We want to honor that prayer request.

Many young adults are feeling considerable amounts of stress. Click [here](#) for an article to help understand what they are facing.

Young adults are facing the same struggles as many other Americans; work, finances, future plans, lockdown, etc. Beyond that pray for this generation as they feel lonely, isolated and anxious. If you know a young adult please make sure you go out of your way to make them feel loved. Let them know that you care for their wellbeing. Have an open ear to listen to their complaints and insecurities. We all need to feel accepted, liked, and not isolated.

This prayer guide was compiled with data from the National Center for Education Statistics ([NCES](#)) as well as each school’s individual website.

Thank You again for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder.

Be Blessed,
Joe and Heidi Barrale

Covid-19 Update:

“Based on the decisions of the University Senate, we shared earlier this week that the spring semester start and end dates will remain the same, and that spring break would move to April 11-17, 2021. The University Senate also approved two reading days before final exams... For the start of the spring semester, we will conduct the first two weeks of all classes remotely so residential students can quarantine at the same time as spring courses start... Following spring break, residential students will return home and the last two weeks of classes, as well as exams, will be conducted remotely for all students.”

Covid-19 Update:

“The expected efficacy of the vaccines and comprehensive immunization will make possible the full return to learning in our classrooms, studios, and laboratories without the social distancing protocols that have been in use since last September. We do not plan to continue to offer our classes in the Learn *from* Anywhere (LfA) format except in some very specific graduate programs; these will be announced in the coming weeks.

The return to more typical campus life will also include resumption of policies that enable students to move freely among residence halls, the return to operation of our dining halls at full capacity, and, more generally, the use of social and public spaces for their intended purposes. I expect the vibrant campus life that we cherish will fully return.”

“Hartford Seminary is an educational institution where a consciousness of God is cultivated and shared. We believe strong religious institutions and healthy communities of faith are necessary to the well being of individuals and society. We affirm the goodness of religious differences that exist in the world and we support faithful living in a pluralistic and multi-faith environment. We are committed to the pursuit of knowledge and academic excellence, to the understanding of religion and spirituality as they are lived out in daily life, to the exploration of issues of gender, race and class, and to education that integrates the many dimensions of human experience.”

Covid-19 Update:

“Classes for the spring semester will be taught in a variety of ways. Class modalities include on-campus teaching, live remote teaching and online. **TRAD:** These are fully on ground classes. You will need to come to a specific classroom on campus at a specific time each day the class is held.

HYBR: These classes are held both on campus and online. Some classes will meet on campus once per week, some will meet once every two or three weeks.

ONLN: These are fully online asynchronous classes. This means that you can log into the class and do your work at any time.

LRON: These are fully online synchronous classes. This means that you are required to be online at the same time as your instructor.

OLCR: These are fully online classes BUT they do require you to come to campus at least once to engage in an activity such as taking a final exam or participating in a lab. These classes can be synchronous or asynchronous.”
