

# Potomac Ministry Network of the AG 31 Day Prayer Guide

**Volume IV**

Dear Friends of Collegiate Student Ministry,

Once again, we are presenting you with a new Prayer Guide for the Potomac Ministry Network (PMN). This is now volume IV in a five-volume set of prayer guides. The purpose of these prayer guides is simple. We want to put into as many hands as possible, tools to encourage and equip people to pray for college and universities across the PMN. It is our intention to eventually provide every Assembly of God church in the USA, district by district, the opportunity and tools to pray for college students, staff and faculty.

It is our desire to see a move of God across every campus in the USA. We need your help. Would you pray with us? We are believing for an out pouring of the Holy Spirit to grip the lives of students, faculty, staff, and administration. Please believe with us as we move forward.

In this prayer guide, you will find statistics for each school listed. We tried to provide you with enough information to make your prayers more precise, but not over-whelming. For example, each prayer guide has information on the known Christian groups on campus. When possible, we have supplied the names of the individual students who are listed as the “first contact” of each group.

Some schools do not show student leader’s names. When that was the case, we have looked for the group’s faculty advisor. That name appears and is so marked. Often, we could not find a contact person at all. When that happened, we inserted a question mark.

Many schools have chaplains or spiritual life offices. Please pray for these men and women, that they too will be sensitive to the leading of the Holy Spirit. The Holy Spirit is not bound by denominations or back grounds. He is able to reach into the seeking heart.

Sadly, you will notice that many schools have no known gospel witness at all. We are believing God to raise up workers for these schools.

As you pray, please remember to pray for the students who live in student housing. You will notice that each school listed below will have a spot to show whether they have student housing or not. A lot of really crazy stuff happens in dorms, especially co-ed dorms!

There is a section on each page for “generic” recommended prayer ideas. Please see this as springboard for prayer. Allow the Holy Spirit to lead you beyond what has been suggested.

We have included a section on international students. We are using the [College Factual](#) website for all pertinent data. At this website the international student information is under the “Student Life” tab.

Finally, we wanted to let you know that this prayer guide was compiled with data from each school’s individual website, as well as the National Center for Education Statistics ([NCES](#)). We only included schools which offer at least an associate’s degree and have a student population of over 350.

Thank you once again, in advance, for investing time into this next generation. Only eternity will tell what we helped along and what we were able to hinder with our prayers.

Be Blessed,

Joe and Heidi Barrale

DAY

4

## **From “Passion and Principles”**

“At Roanoke, we believe more passionate lives will make a better tomorrow. Many colleges talk about finding passion; we believe that’s only half the battle. Institutions of higher education need to help their students—and their alumni—*live* their passions. Our goal is to help all Roanoke students find and live what they love, and for our success to be a beacon to other schools. Imagine how much better the world will be with millions of passionate people working hard for positive change.”

### **Missions Statement:**

“The University is a place where faculty, students, and staff share in the creation and exploration of knowledge through freedom of inquiry, personal responsibility, and service. UMW regards the provision of high quality instruction as its most important function. The University offers a wide range of undergraduate and graduate programs focusing on both disciplinary and interdisciplinary studies. These academic programs afford students opportunities to integrate and apply their knowledge within broad educational experiences, to develop their professional interests, and to practice the habits of mind necessary for life-long learning. Through a professionally engaged faculty, the University supports ongoing research appropriate to the development of student abilities and faculty interests. It especially encourages the participation of undergraduates in research.”
